

Save Big With Astro Packaging's Refurbish Exchange Program.

Lower cost and maintenance with each hot melt unit.

Take advantage of our refurbish exchange program by having your existing Nordson equipment reconditioned or purchase like-new reconditioned Nordson equipment. Astro Packaging customers are guaranteed and assured that the best servicing will go into each reconditioned Nordson equipment protecting your investment now and for years to come.

All Rebuilds Are Backed With A **Full 1 Year Warranty!**

Astro Packaging has delivered trusted equipment through our trained factory technicians that perform all reconditioning services and rebuilding. Every quality order that is placed is done correctly and by trusted staff.

- Genuine Astro Packaging parts are featured in all reconditioned systems to provide reliable consistent operation.
- All reconditioned equipment is thoroughly tested, including mechanical functions, pneumatics, hydraulics, and electronics.
- Astro Packaging and the Astro Sales & Service Organization stand behind every piece of reconditioned equipment
- Exchange your current melter for one rebuilt to your specifications.

How To Get Started

Call our office at 800-642-7876 to be connected with a technician that can assist you with pricing and formulating a delivery schedule to rebuild your equipment. Include purchase order number with each unit.

ProBlue *before* reconditioning

ProBlue *after* reconditioning
